POWER CONTENT LABEL

The power we supply to you comes from a variety of electric generating resources. This diversified power mix enables us to keep rates low and service reliable, should an outage occur or any particular resource experience an upswing in price. As required by California State Law, the Power Content Label shows our projected power supply mix for 2011, as well as California's overall 2008 mix. If you would like to know more, please contact us at **714.765.4497**.

Anaheim Public Utilities has an aggressive plan to increase renewable resources in our power mix. We remain committed to supporting environmentally-sound energy generation. To learn more about our commitment to renewable power, visit **anaheim.net/utilities**.
