

Stopping Energy Theft: A Top Priority For Lodi Electric Utility

Electricity theft is a multi-billion dollar a year crime in the United States. To reduce our own financial losses, your locally- owned and -operated electric utility is cracking down on energy theft.

Lodi Electric Utility, in conjunction with the City of Lodi Police Department and the Lodi City Attorney's office, has launched an aggressive energy theft diversion program. The goal of this effort is two-fold: 1) to reduce electricity theft in our community, and 2) keep our customers safe (the theft of electricity can be extremely dangerous, resulting in serious injury or even death).

If you suspect energy theft in your neighborhood, please contact Lodi Electric Utility at 333-6815. The information you provide us will remain confidential; it could help reduce financial losses to our community; and it could save a life.
