Dated: November 1, 2012
Contemporaneously with the filing of this Notice of Availability, the California Energy Commission is filing with the California Public Utilities Commission (“Commission”) the Application of the California Energy Commission for Approval of Electric Program Investment Charge Proposed 2012 through 2014 Triennial Investment Plan, dated November 1, 2012 (“Application”). The Application significantly exceeds 50 pages and 3.5 megabytes in size.

Pursuant to Commission’s Rules of Practice and Procedure Rule 1.9(d), a party may serve a Notice of Availability in lieu of the document to be served if the entire document, including attachments, exceeds 50 pages or 3.5 megabites in size. In addition, Rule 1.10 indicates that “[t]he total size of a single e-mail message and all documents attached to it may not exceed 3.5 megabites.”

The California Energy Commission is serving this Notice of Availability on interested parties in lieu of the electronic file of the Application in accordance with Commission Rule 1.9(d). The Application was posted on November 1, 2012 on the California Energy Commission’s website in a readable, downloadable, printable, and searchable format. To access the Application, please go to the following web page:

http://www.energy.ca.gov/research/epic/documents/

Upon request, the California Energy Commission will also provide a copy of the Application. Requests should be submitted to:

Janice Titgen or Pamela Fredieu
California Energy Commission

Sacramento, CA 95814
Telephone (916) 654-3951
Fax: (916) 654-3843
Email: EPICinformation@energy.ca.gov
Summary of Application

The Application seeks Commission approval of the California Energy Commission’s Electric Program Investment Charge Proposed 2012-14 Triennial Investment Plan. This investment plan was prepared in accordance with the Commission’s Decision 12-05-037 and presents the California Energy Commission’s strategy for administering $368.8 million to fund applied research and development, technology demonstration and deployment, and market facilitation from 2012 to 2014 under the Electric Program Investment Charge (“EPIC”) Program. In addition, the investment plan proposes EPIC funds be available for the California Energy Commission’s New Solar Homes Partnership.

Commission Decision 12-05-037 establishes the purposes and governance of the EPIC Program funding and designates the California Energy Commission, Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southern California Edison Company as the four administrators of the EPIC Program and directs each of these entities to file coordinated triennial investment plans covering 2012-2014 to the Commission by November 1, 2012.

Respectfully submitted,

/\S/_____________________
